

Mildenhall College Academy - British Values Statement

"Our plan at Mildenhall College Academy is to ensure that young people leave school with the knowledge, skills and ambition to succeed in modern Britain and to compete in the global labour market."

BRITISH VALUES

Democracy at MCA

- Academy & House Councils
- Sports Captains & Teams
- Prefects
- Students discuss Democracy in Citizenship lessons

The Rule of Law at MCA

- We have a clearly structured behaviour policy which all members of the community follow
- Strong links with the police service who visit regularly and lead assemblies
- Students learn about and discuss the role and purpose of the law in Citizenship lessons

Mutual Respect at MCA

- Our PSHE curriculum embodies values of mutual respect and resilience through units of learning such as Human Rights and Terrorism and prejudice and Discrimination
- Respect is a key aim on our academy Vision

BRITISH VALUES

Acceptance of those of different faiths and beliefs at MCA

- Our RE curriculum provides a broad and balanced education on a range of faiths, religions and cultures and all students study the WJEC Full Course GCSE in RE
- Regular visitors of different faiths and cultures lead assemblies and work with students
- Mentors and role models work with students and staff

Individual Liberty at MCA

- The aims, ethos and vision of the academy underpin all that we do and strive for
- Students are given the freedom to make choices in a supportive environment

Promoting British values is fundamental to achieving this and that is why we continue to ensure that the Department for Education's five part definition of British Values is delivered not only across the curriculum but also in all of the additional opportunities students at MCA have outside of the curriculum, in the local community and globally.
